

DELVES LANE - OUT AND ABOUT

Class 11 and 12s trip to the life centre by Ruby

Comments

We went to the life centre and it was really fun - here are some comments:

Safia: "It was fun we watched the 4D screen."

Holly: "It's great I loved learning about our topic space."

What we did

Firstly, we learned many things by doing experiments. After that we went in the planetarium (aka the 4D screen) and learnt about time travelling. Then, we had to make a slingshot. Next, we went to see someone called Neil and he let us do experiments about space. First tested how tricky it is to screw a nut and bolt with thick gloves on our hands. We then tested how NASAs crew members wear nappies and how much water [wee] it can hold (2 litres)

After lunch

We went ice skating after lunch

First - The ice skating was really amusing,

Ola said this "It was really enjoyable and a good experience"

Dion said "I fell over many times but it was something new and I enjoyed it"

House Reward Trip - Spring Term by Raigan

Last term, the Phoenix house went to Krazy Kingdom as a reward for the most house points in the full term. We had a luxury bus and the year sixes got to sit upstairs on the leather seats but everyone else had to sit downstairs as there was no more room on the top deck.

As soon as we got there, we had to put our shoes and coats in buckets and sit on a mat. As soon as we had the safety rules - *Boring!* We could finally run wild around the soft play and everyone was really sweaty in the end. But before long sadly we had to get back on the bus to take us back to school.

Get to know your teachers!

Interviewing Mrs Dunn by Miley

I grabbed a few minutes with one of our teachers, Mrs Dunn, and asked her a few questions.

How long have you been working here?
7 years

Do you have any pets?
No but I would like one

Do you have any children?
No because working with children has put me off!
(joke!!)

What is your favourite part about working in our school?
Seeing the children grow up and seeing the progress they make

Have you ever lived anywhere different than England?
No but I would like to live in America

What is your favourite colour?
pink

What is your favourite animal?
Elephants are really cute

What is your favourite book?
Anything by Julia Donaldson - I love her books

What do you do in your spare time?
go to my caravan

And last but not least....

What is your favourite food?
Chinese food.

Thank you Mrs Dunn xx

Our Junior Journalist [Safia] went to go Interview Mrs Trendy Teneur to find out a bit more about her.

What's your favourite Underwater Animal?

A sea horse, they're so unique it's like they are a mythical animal.

What's your favourite place to go on holiday?

I love to go fishing in Scotland as it's so calm and peaceful there.

How long have you been working here for?

11 years

What's your favourite part about working here?

I love working here because I enjoy watching you grow up and I love OPAL.

Who's your favourite teacher / teaching assistant?
Every teacher but Miss Stephenson [for opal] and Mr Mac because every time he says something in class my mind is blown!

What's your favourite food?

Anything that's spicy!

What's your favourite thing to wear?

I'll wear anything that has different patterns but my favourite combo to wear at the moment is skirts and trainers.

What's your dream job?

My dream job would have to be Mary Poppins in Disney Land.

What's your favourite dance move? I love to Floss and 'Woah'.

If you could live anywhere, where would you live?
I'd live in Scotland, I love it there!

What's your favourite song?

Super Trooper by Aba

What's your favourite thing to do outside of school?

I like to go out for meals with my family, bowling and going to Scotland.

If you had £1,000,000 what would you spend it on?
I'd spend it on a Volkswagen Camper Van and a Volkswagen Beetle.

What's your favourite book? I love Street Child

WHAT'S GOING ON???????

Science Ambassadors

By your fellow reporter, Miley 😊

Being a science ambassador is very fun. Every half term, Miss Jones and the science ambassadors make a little project for everyone to work on. Whoever gets it right or has the best will get their name and class written on a raffle ticket and put in a cup. On a Friday assembly, Miss Jones will pick everyone out and hand them a certificate. Then, she will put everyone back in and pick one person out and then that is the person who will win a prize. Anyone can take part even the science ambassadors. The science ambassadors are; Miley, Ruby, Amelia, Caitlin, Jack, JJ, Kayne, Oscar, Suzanna, Bailey, Kieron, and Tyne. If you have any questions, just ask us or Miss Jones. When you are in year 4 you go on a trip to Parkside academy with different schools and learn how to be a science ambassador.

OPAL

OPAL stands for outdoor play and learning. We have achieved platinum in OPAL! We have OPAL because it has allows us freedom to explore play in our own way. We take part in OPAL at lunchtime and we have a 45-minute extra play at 2 o'clock on a Friday. During this time, you can do sports, go on the grass, play with scrap, climb trees, make camps and lots more.

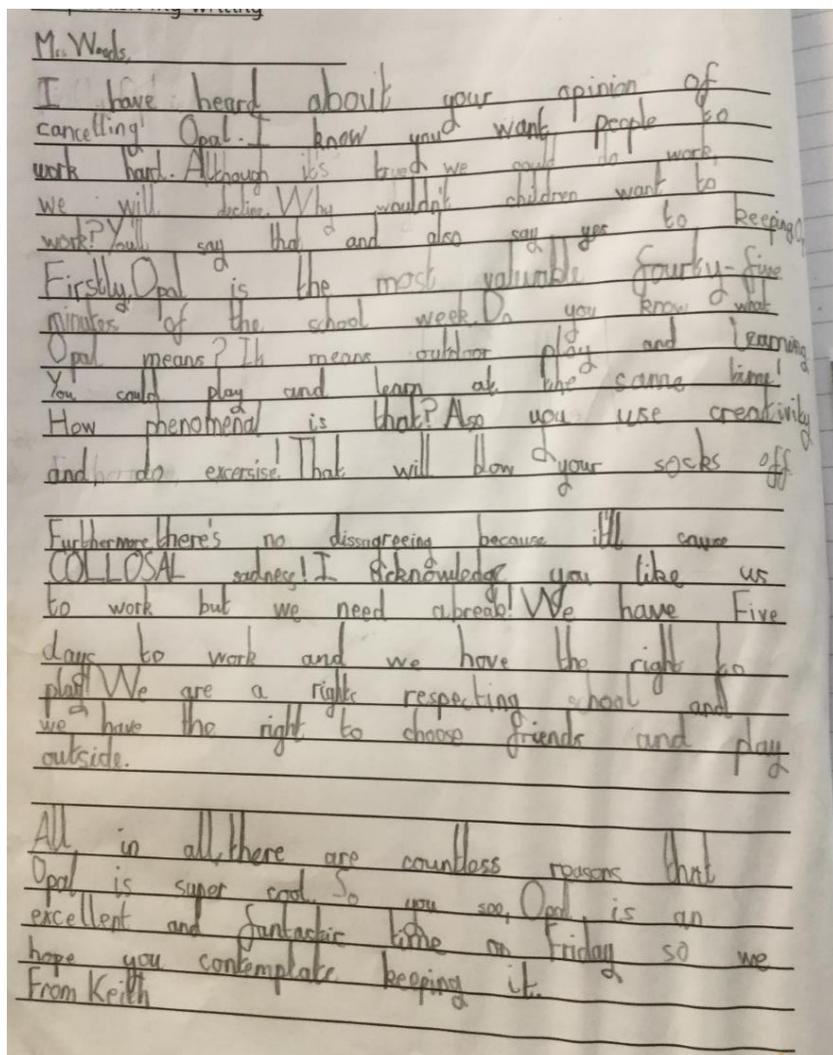

Later this term, there is going to be an OPAL club and Mrs Teneur will run the club.

WATCH THIS SPACE!

+++++

Year 3 heard on the grapevine that Mrs Woods might be stopping OPAL play. Desperate to change her mind Class 7 and 8 have written letters to her trying to persuade her to change her mind. Read on to see what they said ...

This is Keith in Y3's letter....

Neat writing Keith!

Lucie in Y3 even word processed her letter!

Dear Mrs woods,

I have heard you might be cancelling OPAL but when you have read this letter I hope you will change your mind. I know we get over excited but we promise to be sensible now. Why have OPAL if people are being silly? I know you are probably asking that question but I promise you will not regret it.

In OPAL people make friends. Imagining that! Plus, opal is marvellous and it keeps us happy.

Furthermore, there is no denying that OPAL is fun! I know we fall out and get muddy. Opal is amazing and great!

As you can see, there are many valid reasons that OPAL is great. Now I hope that it is clear everyone needs OPAL. I hope you will contemplate keeping it.

From Lucie

Luckily Mrs Woods decided to keep OPAL! (phew!)

World book day – 6.3.20

By Dion Y5 (school newspaper reporter)

World Book day is on the 6th of March 2020 in Delves Lane school. This year we have decided to dress up as scientific words. Use google images or Pinterest for ideas.

Here are some ideas:

On World Book Day we are trying to help world book day organisers reach their goal which is to share a million stories. Therefore, we are holding a sponsored read and all the money we collect will go to developing our reading corners so reading will be a lot more fun. Miss Webb will be giving sponsor forms out after half term. All you need to do is to ask friends and family sponsor you to read! You can read ANYTHING – like comics, magazines internet books, and kindle or just books you have at home please read and get as many sponsors as you can to make our reading corners GRRRRREAT!!!! So, get reading NOW.

Scholastic Book Fair

There will be a Scholastic Book Fair held in our infant school hall week beginning 23rd March to 3rd April. Children will be able to use their £1 book token on books priced £2.99 or above. These tokens can also be used at Asda, Tesco, Morrisons, Waterstones and WHSmiths. Please support the book fair as the school makes commission on books sold. We use the commission to update our class book corners.
